

New Manchester Elementary School

Core Beliefs

“It Takes a Team to Educate a Child”

- Education is a positive partnership between students, parents, staff, and community
- With high expectations, all students will learn in a safe and secure environment
- Through the implementation of Next Generation Standards with the integration of technology, all students will meet expectations in a Global 21 Society
- Personalized learning will be enhanced through data driven instruction
- Student accountability for academic goals and behavior will encourage students to become lifelong learners
